\$500 and up

Foundation Custom Sponsor

Year Round

- Custom sponsorship packages start at \$500 and give you complete flexibility.
- Lower-tier custom packages can support social media campaigns, such as sponsoring a single post or a series of posts throughout the year.
- You can also choose a sponsorship tier and enhance it by adding extra benefits—or mix and match your favorite options from all tiers to create your own unique package.
- Whether it's a \$500 social post or a \$25,000 multi-channel campaign, you have the freedom to design a sponsorship that fits your goals.

"The introduction course of IP for sure changed my life because of all of the things the course has offered me. We have classes where we gain knowledge, and we have practical activities that strengthen the knowledge we learn. You have no idea how much your donations help young students and young brown students. I am forever grateful."

-Stephanie Miranda
Federal University of Rio de Janeiro

"As a recipient of this award from the INTA Foundation, the aid is not only financial since it permits potential students like me to create networks and be exposed to niche opportunities without lacking resources and support. It specifically allows minority students to fill in gaps within the industry in spaces not financially feasible for minority students."

-Noah Hills
South University Law Center

"Driven by a passion for helping those in need, my unwavering commitment to providing relief and support is evident in my work. My passion is intellectual property. I want to create opportunities where those in my community can celebrate, support, and thrive by building a bridge between intellectual property and accessibility."

-Marnita Walker
South University Law Center

"Receiving this grant award allowed me to learn on the job under the tutelage of a host of archivists, lawyers, and scholars. One important thing I learned during this internship is the need to develop more equitable ways of providing legal services for the protection of intellectual property."

-Randall Hazard
North Carolina Central University School

"For me, this opportunity changed my life. I am from a little city in Rio de Janeiro. I want to one day change the world by using technology and making medicines that nowadays are so expensive, accessible for everyone. I will forever be grateful for this opportunity and honor."

-Jefferson Alves
Federal University of Rio de Janeiro
