"The introduction course of IP for sure changed my life because of all of the things the course has offered me. We have classes where we gain knowledge, and we have practical activities that strengthen the knowledge we learn. You have no idea how much your donations help young students and young brown students. I am forever grateful."

-Stephanie Miranda

"As a recipient of this award from the INTA Foundation, the aid is not only financial since it permits potential students like me to create networks and be exposed to niche opportunities without lacking resources and support. It specifically allows minority students to fill in gaps within the industry in spaces not financially feasible for minority students."

-Noah Hills

South University Law Center

"Driven by a passion for helping those in need, my unwavering commitment to providing relief and support is evident in my work. My passion is intellectual property. I want to create opportunities where those in my community can celebrate, support, and thrive by building a bridge between intellectual property and accessibility."

"Receiving this grant award allowed me to learn on the job under the tutelage of a host of archivists, lawyers, and scholars. One important thing I learned during this internship is the need to develop more equitable ways of providing legal services for the protection of intellectual property."

-Randall Hazard

North Carolina Central University School

"For me, this opportunity changed my life. I am from a little city in Rio de Janeiro. I want to one day change the world by using technology and making medicines that nowadays are so expensive, accessible for everyone. I will forever be grateful for this opportunity and honor."
